## PENTECOST-EXCELL.

The Executive Committee Busy  
Getting Everything Ready.

Mr. E. O. Excell, The Best of All  
the Singers, Will Positively  
Be Here.

The Executive Committee for the  
Pentecost meetings have been do-  
ing some fine work since their last  
meeting. Everything is moving  
along satisfactorily in the way of  
arranging all the preliminaries for  
the meetings to begin next Sunday.

Dr. Pentecost will arrive here  
from Henderson tomorrow. He  
will take a rest from his arduous  
labors concluded at Henderson last  
Sunday.

The announcement that Mr. E.  
O. Excell will be on hand next Sat-  
urday and will conduct the singing  
will be received gladly by all the  
people in this section. The first  
effort made to secure him was a  
failure, but nothing daunted, Mr. J.  
E. McPherson, the chairman of the  
music committee, was determined to  
have him; he had "no strings on  
him." So he renewed his efforts  
and at last Mr. Excell pledged his  
services. Mr. McPherson told him  
to ship a lot of books to this place  
at once, and they are expected to-  
morrow or Thursday.

As soon as the books arrive the  
choirs of the different churches will  
be called together for rehearsal be-  
fore Mr. Excell reaches here.

The fine singing will be one of the  
features of the meetings, as Mr.  
Excell's qualifications as a con-  
ductor are well known here and all  
over the country.

A systematic plan has been formu-  
lated by the executive committee  
to induce an attendance from the  
neighboring towns and cities. It  
expects to secure greatly reduced  
rates from points on the railroads,  
while the membership of the church-  
es in the country will be present to  
hear one of the greatest evangelists  
in the world.

All churches are urged to do  
everything in their power to secure  
a large attendance and assist the  
committee in its work. All should  
remember that the gentlemen hav-  
ing the preliminaries in their hands  
are leading professional and busi-  
ness men and are willingly sacri-  
ficing a great deal of their time to  
make, as far as they can, an un-  
precedented success of the meet-  
ings, and hence deserve all the aid  
that can be given them. They have  
entered upon the work with all  
the energies of their nature, and  
great results may be expected.

Several business men have ex-  
pressed their willingness to close  
their stores during the hours of  
services, and no doubt all the lead-  
ing merchants will fall into line  
when the meetings begin.

## TWO DEATHS.

Wife of Postmaster at Winns, and  
Mrs. Kelly.

Crofton, Ky., Jan. 26.—The wife  
of Mr. Allen Young, merchant and  
postmaster at Winns, died Friday.  
She leaves a husband and several  
children.

Mrs. Florence Kelly died of con-  
sumption yesterday at the home of  
her father, Mr. Ben Croft. Her  
husband, Albert Kelly, died sev-  
eral years ago. NITRAM.

## CAN'T STAND PRESSURE.

"Assaults Result in Torn Flesh  
And Bruised Body."

Jesse Peacher has filed suit for a  
legal separation from Susie A.  
Peacher alleging adultery. Plain-  
tiff further states in his petition  
that he is afflicted with paralysis  
is a weak man, and that his wife  
makes frequent unwarranted as-  
saults upon him tearing his flesh  
and bruising his body. The parties  
are colored.

## SALTY REPORT.

Asylum Board Makes Public  
Its Official Reports.

Published After Its Suppression  
By the Administration  
Became Evident.

After waiting in vain for the  
Governor to publish the annual re-  
ports of the Western Asylum for the  
Insane for 1900 and 1901, the Board  
of Commissioners have had the  
suppressed reports published them-  
selves.

They were sent in through the usual  
channels, one a year ago and the  
other three months ago, but noth-  
ing has ever been heard from them.  
As the annual reports for nearly  
fifty years are preserved in an un-  
broken file, the Board by resolution  
authorized the publication of the  
documents. They were issued Sat-  
urday and mailed to the members  
of the Legislature.

According to the report for 1900,  
the Board after spending for build-  
ing \$11,000, returned \$2,669.07 to the  
State Treasury, the expenses for  
the year ending Sept. 30, 1899, be-  
ing \$93,457.50.

The following year showed an  
increase to \$105,976.88 and the year  
1901 a still further increase to  
\$121,302.66, the building appropri-  
ations being \$14,564.62.

A comparison is made and in-  
creases shown to have been made  
as follows, over 1899: Salaries,  
\$1,255.98, wages \$1,307.83, clothing  
\$120.80, dry goods \$1,709.30, fuel  
\$4,582.20, groceries \$2,417.32, meats  
\$806.78, liquors \$647.66, butter and  
eggs \$1,075.10, seed \$762.79. Into  
items there is shown a decrease—  
bread stuffs \$268.27 and chapel  
services \$30.

The charge is made that "the  
Steward and Superintendent, act-  
ing under the advice of the State  
Inspector and Examiner," have ig-  
nored the Board and extravagance,  
charges of immorality and indict-  
ments against officials for gaming  
have all made "a grievously un-  
fortunate year in the history of the  
institution."

The scandals of a year ago are  
briefly reviewed and some rather  
salty comments made on the part  
played by the administration in the  
attempt to suppress the facts.

Dr. Ray comes in for some criti-  
cism on account of his lack of  
courtesy to the Board and for  
"openly and flagrantly violating  
regulations adopted by this  
Board, looking to the proper use of  
the property of the asylum, in vi-  
olation of the law."

The report concludes with the  
recommendation that the proper  
remedy for these evils is to em-  
power the Board to enforce the rules  
and law, even to the point of removing  
officials.

## RURAL DELIVERY.

Effort to Get a Route Out of Pem-  
broke.

A petition has been circulated  
and signed by more than a hundred  
citizens requesting that Rural  
Free Delivery of mail be inaugu-  
rated West of Pembroke. The pro-  
posed route is as follows:

Starting at Pembroke, thence to  
Elmo, thence to West Fork and  
Chapel Hill, thence up West Fork  
creek on east side to the Nashville  
road, touching this thoroughfare  
near the residence of Mrs. Dixon,  
thence down Nashville road to  
Pembroke. Estimated length of  
route 35 miles; estimated number  
of people who would be served on  
the route, 500.

## BECOMES A PARTNER.

Mr. John H. Bell a Member of The  
Firm of J. H. Anderson  
& Co.

Mr. John H. Bell, who has for the  
last ten years been bookkeeper  
and assistant manager of the cloth-  
ing firm of J. H. Anderson & Co.,  
has been admitted to a partnership  
in the business, in which he has so  
long been an important factor. The  
growth of the business has been  
constant and during the last year  
a dry goods department was added.  
Mr. Anderson has all along relied  
much upon Mr. Bell, who was in  
entire charge during the long and  
severe spell of illness of the head of  
the firm last fall. In admitting him  
to a partnership, Mr. Anderson has  
displayed the shrewd business fore-  
sight that characterizes most of his  
ventures. Mr. Bell is a merchant  
of the most progressive type. He  
has been trained in the school of  
successful experience. He has  
worked his way up from a modest  
beginning. His habits are above  
criticism, his popularity is wide-  
spread and his judgment is always  
safe. With a personal interest in  
the firm, he will of course redoub-  
le his energies and put forth his best  
efforts to achieve still greater  
success, bringing to the business an  
increased and growing strength.

## ELOPERS WED.

Nortonville Couple Have Nuptial  
Knot Tied in Spring.

Mr. D. C. Rogers and Miss Cal-  
cedonia Woodard, a youthful couple  
living near Nortonville, eloped to  
Springfield, Tenn., last Thursday  
and were married at the Commer-  
cial Hotel by Esq. J. I. Holman.

The couple passed through Hop-  
kinsville on the 7 a. m. fast mail  
and on reaching Springfield were  
at once married. They returned  
home on the next train.  
Esq. Holman, the officiating  
magistrate, has united in marriage  
229 couples during his seven years  
administration, about 25 per cent.  
of them being elopers from Ken-  
tucky.

## AGAIN IN SESSION.

Board of Tax Supervisors Recon-  
vene to Hear Complaints.

The Christian County Board of  
Equalization will reconvene this  
morning to hear complaints from  
those who list where "raised" at  
the first session. About 400 lists  
were raised, increasing the valua-  
tion of the property of the county  
over \$300,000. The board will re-  
main in session the balance of the  
week.

## Married in Clarksville.

Peter Jones and Miss Louise P.  
Brumfield, of the Fairview neigh-  
borhood, were married in Clark-  
sville last week.

## TICKET OFFICE ROBBED.

Burglar Prized Open Window and  
Got \$33.51.

The local ticket office of the L. &  
N. railroad company was entered  
by a burglar Sunday night and  
\$33.51 taken from the cash drawer.  
The tickets were not disturbed.

The thief effected an entrance by  
prizing open the bars of the window  
between the ticket office and ladies'  
waiting room and breaking the  
glass.

Suspicion rests upon a stranger  
who was seen around the building  
at a late hour. The man was about  
50 years old, and appeared to be a  
foreigner.

Telegrams were sent to Crofton  
and Guthrie, notifying the authori-  
ties to look out for the suspect, but  
up to a late hour yesterday he had  
not been apprehended.

## WENT TO THE WALL.

South Main Grocery Firm Made  
Assignment Yesterday.

The grocery firm of Shadoin &  
Curtis, doing business on South  
Main, filed a deed of assignment  
yesterday morning.

Dr. A. E. Bentley, who was  
named as assignee, accepted the  
trust and qualified at once.

A schedule of liabilities and as-  
sets has not yet been filed.

The gentlemen composing the  
firm are very popular and their  
many friends regret that they were  
compelled to take the step. It is  
hoped that they may be able to  
adjust their affairs in such a man-  
ner that they can resume business  
in the near future.

## BLIZZARDOUS BLAST.

Sleighting and Skating, With  
Prospects of Ice Spell.

Many cisterns were filled with  
clear, cold water as a result of the  
heavy rain of Saturday night and  
Sunday. The mercury began to  
drop early Sunday night and by 6  
o'clock yesterday morning the de-  
grees above zero was registered.  
The blizzard was accompanied by  
a mixture of rain, hail and snow,  
which covered the ground an inch  
or more.

Sleighting and skating were ex-  
cellent yesterday and the prospects  
are that ice will form sufficiently  
thick for harvesting, as the fore-  
cast for to-day is "continued cold."

## CAUSED BY EPILEPSY

of Paducah.

Miss Beulah Wilson, aged 23, of

### ANNOUNCEMENT

We are authorized to announce  
MR. WELLS S. HILL,  
of Christian County, as a candidate for Railroad Commissioner in the First Railroad District of Kentucky, subject to the action of the Democratic party. Election Nov. 1902.

The report that an attempt had been made to assassinate King George of Greece, was a canard.

The engagement between Inventor Marconi and Miss Josephine Holman, of New York, has been broken off.

The purchase of the Danish West Indies by the United States has been confirmed and only needs the final ratification of the Senate.

Sam Crossland, of Mayfield, has announced his candidacy for the Democratic nomination for Congress in the First District, in opposition to Ollie James.

At a meeting of the Austro-Hungarian Export Association at Vienna, last Friday, the assertion was made that the trend of American capitalists shows that the country will eventually under one vast trust, conquer the world.

We have received the first number of "The Leader," the new paper of Princeton, Ky., published by Richard McGregor. It is a seven column quarto, independent in politics, and will no doubt prove a success.

Denmark has at last agreed to sell the Danish West Indies Islands to the United States. The treaty was signed last week by Secretary Hay and the Danish Minister. Price about \$5,000,000. A mere boss trade by Uncle Sam.

By this time Miss Stone and Madame Tilkia are turned loose again by the brigands. The bearers of the ransom money amounting to \$72,000, under a heavy guard, were on their way to the mountains last Thursday.

A Kentuckian in Washington last week went into the Congressional Library and cut out of the Louisville Times Ella Wheeler Wilcox's poem, "Dying Lover." He was fined \$500 with six months' imprisonment. The sentence was suspended, and the Kentuckian will in future prefer patronizing the newspapers.

Chicago is doing the hospitalities to the "Hero of Santiago" this week and he will start for Louisville to day. Kentucky will take delight in doing honor to Admiral Schey. The General Assembly has already passed a resolution extolling him, and all the people of the State will welcome him with open arms. He will be in Louisville three days.

The Senatorial redistricting committee has reported a bill putting into one district the counties of Christian, Muhlenberg and Butler, the object being to concede one district to the Republicans in order to save the adjoining districts. The district would have 75,000 population and a Republican majority of from 2,500 to 3,000. There are in Christian county 3,500 as gallant Democrats as ever led a forlorn political hope. They were wiped out a Republican majority of 900 in two consecutive senatorial elections and can do it again whenever it is necessary. But if our county must do the Arnold Winkfield act and receive the Republican bayonets in its bosom in order that the survivors may march over the bleeding body to victory, Christian stands ready to make the sacrifice. But it is asking too much to beg that Christian county be given two representatives? If properly divided one district would be safely Democratic and the remaining Democrats representation in the House. We have more population than either Warren or Daviess and are justly entitled to two members.

## Get the Most Out of Your Food

You don't and can't if your stomach is weak. A weak stomach does not digest all that is ordinarily taken into it. It gets tired easily, and what it fails to digest is wasted.

Among the signs of a weak stomach are: uneasiness after eating, flatulence, nervous headache, and disagreeable belching. I have taken Hood's Sarsaparilla at different times for stomach troubles, and a run down condition of the system, and have been greatly benefited by its use. I would not be without it in my family. I am troubled especially in summer with weak stomach and nausea and find Hood's Sarsaparilla invaluable." E. B. HICKMAN, Winchester, Pa.

### Hood's Sarsaparilla and Pills

Strengthen and tone the stomach and the whole digestive system.

If the Kentucky Legislature had been especially trying to please Democrats who have served in Congress for a long time and the people of Washington it could not have succeeded better than by electing ex-Representative McCreary to the Senate. With McCreary from Kentucky and Gorman from Maryland the Democrats in the Senate will be materially strengthened from every point of view, and the effect is likely to be felt by the party throughout the country.—Orange (Va.) Observer.

Richmond P. Hobson, who superintended the raising of the Spanish vessels sunk at Santiago and repairing of two vessels at Hong Kong, made application for retirement to the Naval retiring board on account of an affection of his eyes. The board of physicians, after an examination, found that his eyes were not permanently injured and the retiring board refused to put him on the list.

Brother Jim Lemon, in the Mayfield Messenger, in an able editorial a column long, advocates and strongly recommends large families—the larger the better. If we caught correctly the drift of his argument, he favors, in the number of children, a double base ball team, about nine boys and nine girls, in every well regulated family.

The State Senate has passed the Byron resolution, directing a Legislative committee to visit and inspect the asylums.

A "solar motor," for harnessing the heat of the sun, is in successful operation at Pasadena, Cal. It uses a steam engine.

Hero Hobson is coming to Paducah Feb. 22 to lecture on the Navy.

Lewis Nixon is Croker's successor as chief of Tammany Hall.

### VICTIM OF PNEUMONIA.

Mrs. Jenkins Passed Away Saturday, Near Kennedy.

Mrs. Fannie Jenkins, wife of J. T. Jenkins, died Saturday morning near Kennedy, of pneumonia, says the Clarksville Leaf-Chronicle. She was 63 years of age and a member of the Baptist church. She is survived by her husband and five children—Mrs. H. Campbell, Lou, Clarence, Oscar and Henry Jenkins. The funeral services were conducted by Rev. Cheek at the home Sunday. The interment took place in the Allen burying ground, near Elmo.

### Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers. They filter out the waste or impurities in the blood. When they fail in order, they fail to do their work.

Pain, aches and rheumatism come from excess of uric acid in the blood due to neglected kidney trouble.

Kidney trouble causes quick or uneasy heart beats, and makes one feel as though they had heart trouble, because the heart is overworked in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and dollar bottles.

You may have a sample bottle by mail from Swamp-Root, Inc., also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Birmingham, N. Y.

### Public Debate on the Program For This Week—Other Items.

Y. M. C. A.

The meeting of the college Y. M. C. A., is an enjoyable occasion for the students. Such subjects are discussed which are certain to command the attention, and rouse the interest of all present. On last meeting night the subject: "Future vocations in life," was discussed by the association. The subject for next meeting will be: "The power of purpose."

### Public Debate.

A public debate will be held Feb. 8th 7:30 p. m., at the college chapel. The subject for discussion is to be: Resolved: That a defensive alliance between England and the United States is desirable. Messrs. C. W. Head and Ed Long will support the affirmative, while Messrs. D. H. Primrose and I. Bailey Jr., will uphold the negative.

This debate being the result of a challenge made by the negative side, will arouse much interest. The public is invited to attend.

S. J. Smith, a student here, preached in Hanson, Ky., Sunday.

Prof. J. M. Gordon, of S. K. C., addressed the Y. M. C. A., at Madisonville, Sunday.

New students continue to come in. The latest arrived is C. H. Woodall, of Alabama.

In a competitive drill for a gold medal, on last Friday, Mr. Rex McEuen, third sgt., in the cadet company, was the successful contestant. Drills will take place every Friday evening, for the honor of wearing the medal through the week. All the cadets being eager to wear this mark of a good soldier, the drills are considerably exciting.

The Junior classes of S. K. C. held a joint meeting in the college parlors, Friday night. The affair was an exceedingly pleasant one. The program, which was well rendered, was as follows: Instrumental Duet, Misses, Veta Fox, and Willie Long. Reading, Pulliam J. Smith. Instrumental Solo, Miss Julia Street. Instrumental Solo, Miss Nannie Cox speech. S. J. Smith, vocal Duet, Misses Alice Jones and Joenelle Galloway, vocal Solo, Miss Dalia Anderson. Recitation, Miss Mary Bell Edmonson.

The program was brought to a close by music from the S. K. C. string band. A social followed, during which delicious refreshments were served.

The Philomathean Literary Society held its regular meeting Saturday night. The subject, "Resolved: That labor saving machines are a benefit to the laboring class," was ably debated by the following:

AFFIRMATIVE: NEGATIVE:

F. C. Bailey, Jas. Chappell, C. S. Marshall, Hugh West, McNary Hoffman, Ben Solomon.

The affirmative side came off victorious by a vote of 2 to 1 of the judges.

Although yet early in the season, baseball is being much talked of among the S. K. C. boys. Two teams have already been organized, and as soon as the weather permits will begin practicing.

The officers of the two teams are as follows:

### First Team.

C. W. Head, Manager, Paul Campbell, Captain, Ed Clark, Sec'y., & treas.

### Second Team.

B. C. McEuen, Mgr, Fred C. Bailey, Captain, C. S. Marshall, Sec'y. & treas.

Much interest is being manifested and the coming season bids fair to be a grand one along baseball lines for S. K. C.

Differing squads of the cadets are hard at work practicing for the celebration of Washington's birth day.

Valentines to the girls are talked of.

The advisability of taking the college cadets to Paducah to attend part of the session of the State Y. M. C. A., convention, which begins Feb. 20, is being discussed. The idea is to charter a car and spend a day in Paducah, in drilling and attending the meetings of the convention.

This is only being discussed, no definite conclusion having been reached.

## J. T. WALL & CO. EDGEWOOD, 8069.

Edgewood's breeding is of the most fashionable strain, and contains crosses to all the blood that has produced the winners of the world. Such stallions are too few for the good of the trotting industry. Numbers of the best, were during the hard times just past, exported to foreign countries. Among the few left to fill the requirements Edgewood remains, though yet a young horse, has seven to his credit, with records from 2:24 to 2:10, which, in itself, is proof sufficient as to his merit. His colts are all fine, large, good-looking individuals, good actors and trotters, and command the top prices when led in the sale ring. Gayety, 2:18 1/2, one of his handsome daughters, was sold to John Splan, of Cleveland, Ohio, last February for Five Thousand Dollars (\$5,000.00). Eight youngsters by him were sold in John S. Lackey's sale in March last, by S. J. Fleming & Son, of Terre Haute, Ind., for prices that proved to them that there was still money in raising colts by the right kind of a horse.

Edgewood is the property of S. J. Fleming & Son, of Terre Haute, Ind., and ranks with such horses as Margrave, Axtell, and Jersey Wilks, which is proven by his list of colts with race records. His colts make fine roadsters and Matinee horses and are sought for that purpose as well as for race horses.

Edgewood, by Nutwood, (600) sire of 160 performers, including Lockhart, 2:08 1/2, Manager, 2:06 and 12 others in 2:10 list. He by Belmont. He by Abdallah, 1:55. He by Hambletonian, 10. Nutwood's dam, Mrs. Russell, dam of Mollie 2:20 1/2, and six others. Her sons are sires of 223, and Edgewood's dam, Matinee, is the dam of Glenview Belle, 2:20 1/2, and Frances, (2 yr.) 2:25 1/2, made in 1901. His second dam, Moss Rose, dam of Nutrose, 2:22, and grand dam of 16, 3rd dam, Prime, the dam of 6, from 3:30 to 2:20, 4th dam, Black Rose, dam of 5, in the 2:30 list.

This grandly bred horse will make the season at J. J. Van Cleave's farm on the Clarksville pike. For further information, address

J. E. McCown, Hopkinsville, Ky.

### DETROIT DOCTOR

Says We'll All be Crazy by The Year 2162.

Dr. R. B. Hoyt, a former member of the Board of Education at Detroit, Mich., has gathered statistics which convince him that at the present rate of increase of insanity the population of this country will be mad in 260 years.

"Within the last 59 years," he said, "the number of insane persons and fools has increased 300 per cent. That means, if the increase continues, that the entire population of this country within 260 years will have gone insane or become foolish. Figures, the logic of which is indisputable, prove that the present generation is doomed unless heroic measures are resorted to."

### KEACH-REYNOLDS.

### A Good Recommendation.

"I have noticed that the sale on Chamberlain's Stomach & Liver Tablets is almost invariably to those who have once used them," says Mr. J. H. Weber, a prominent druggist at Cascade, Iowa. "What better recommendation could any medicine have than for people to call for it when again in need of such a remedy? Try them when you feel dull after eating, when you have a bad taste in your mouth, feel nervous, have no appetite or when you are afflicted with constipation, and you are certain to be delighted with the prompt relief which they afford. For sale by all druggists."

### LAYNE WILL CASE.

Executor Now Making Settlement With The Legatees.

The contest over the will of Matthew Layne, deceased, has been finally settled, and O. E. Layne, the executor, is now making settlement with the legatees, says the Fairview Review. It is estimated that the estate, after the long and expensive litigation, is worth \$20,000 or more.

A Reliable Remedy for Bowel Troubles.

Rev. J. M. Yingling, pastor of the Redford St. M. E. Church, Highland, Md., says: "It affords me great pleasure to recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy. I have used it and know others who have never known it to fail." For sale by all Druggists.

### Went to Jail.

Henderson Spence, colored, was arraigned before County Judge Fowler last Thursday on the charge of burglarizing the hardware store of Gus Young. An Attack of Pneumonia Warded Off.

"Some time ago my daughter caught a severe cold. She complained of pains in her chest and had a bad cough. I gave her Chamberlain's Cough Remedy according to directions and in two days she was well and able to go to school. I have since used this remedy in my family for the past seven years and have never known it to fail," says James Prendergast, merchant, Annapolis Bay, Jamaica, West India Islands. "The pains in the chest indicated an approaching attack of pneumonia, which in this instance was undoubtedly warding off by Chamberlain's Cough Remedy. It counteracts any tendency of a cold toward pneumonia. For sale by all druggists."

## SKULL CRUSHED.

L. & N. Section Man Perhaps Fatally Hurt Sunday.

Lying by Track With Head on Cross Tie When Hit by Engine.

Henry James, a negro man who lives at Kelly, and works on the section at that place, was struck by a freight train this morning about 12 o'clock, one mile South of Crofton. He had been to Crofton and was returning to Kelly, when he lay down by the side of the railroad track with his head on the end of a cross tie. The train was stopped and he was picked up and brought to Crofton, when Drs. Lovan and Croft examined him and found that his skull on the top of his head had been crushed. They removed several pieces of bone. Parties that talked to James a few minutes before he was hit say he was drinking. When examined here there was a full pint of whiskey in his pocket. He was still unconscious when he was taken to Kelly this evening on train No. 51 and chances for his recovery are considered slim. NITRAM.

W. L. Yancey, Paducah, Ky., writes: "I had a severe case of kidney disease and three of the best physicians in Southern Kentucky treated me without success. I was induced to try Foley's Kidney Cure. The first bottle gave immediate relief and three bottles cured me entirely. I gladly recommend this wonderful remedy." Take no substitute. All druggists.

### GORTON'S MINSTRELS

Will Hold the Boards at the Opera House To-Night.

Gorton's Minstrels are in the field this year with a large, expensive, and strictly first-class minstrel attraction.

Manager Pearl's present company is composed of minstrel stars, the brightest in their respective lines, and their program is put together with the object of presenting new, novel, refined and elegant minstrelsy, strictly up-to-date.

We are assured that nothing objectionable or inferior is permitted, and that every performer bears the stamp of superiority and refinement. The press notices accorded this organization by the best journals are certainly of the most praiseworthy nature.

What they advertise they produce. At Holland's Opera House to-night, Tuesday, January 28.

## Repairing Neatly Done

Never thought of such a sign for a medicine did you? Well, it's a good sign for Scott's Emulsion. The body has to be repaired like other things and Scott's Emulsion is the medicine that does it.

These poor bodies wear out from worry, from over-work, from disease. They get thin and weak. Some of the new ones are not well made—and all of the old ones are racked from long usage.

Scott's Emulsion fixes all kinds. It does the work both inside and out. It makes soft bones hard, thin blood red, weak lungs strong, hollow places full. Only the best materials are used in the patching and the patches don't show through the new growth of health.

No one has to wait his turn. You can do it yourself—you and the bottle.

This picture represents the Trade Mark of Scott's Emulsion and is on the wrapper of every bottle. Send for free sample. SCOTT & BOWNE, 409 Pearl St., New York. 50c. and \$1. all druggists.

## COLD SNAP SHOTS.

Delivery of Leaf Tobacco to Buyers Shut off.

From Present Indications There is No Fear of Want of Coal For All Purposes.

The boys with their scates and sleds are the only ones who are enjoying the cold snap.

The streets and sidewalks were covered with sheet Monday morning, and for several hours business was nearly suspended.

The heavy rain which preceded the fall of 35 degrees in a few hours was greatly needed, but farmers say that wheat will be greatly damaged by the freeze.

Let us hope that the bad weather will be over by the time Dr. Pence's meetings begin. We had the worst weather of the winter during his first meeting of three weeks.

The warm damp weather put tobacco in order, and farmers were taking advantage of it and were delivering their crops to the buyers. Money would soon have been plentiful had the weather remained favorable a few days longer.

There is about coal enough in the yards of the dealers to last through this cold snap, and no doubt there will be large demands on the purchases of charity associations and others who are disposed to contribute to the needs of the poor.

If the peach crop was not killed before there is no doubt now about it being "done up."

### Remarkable Cure of Croup.

A LITTLE BOY'S LIFE SAVED. I have a few words to say regarding Chamberlain's Cough Remedy. It saved my little boy's life and I feel that I cannot praise it enough. I bought a bottle of it from A. E. Steere of Goodwin, S. D., and when I got home with it the poor baby could hardly breathe. I gave the medicine as directed ever ten minutes until he "threw up" and then I thought sure he was going to choke to death. We had to pull the phlegm out of his mouth in great long strings. I am positive that if I had not got that bottle of cough medicine, my boy would not be on earth to-day.—JOSE. DENSON, Inwood, Iowa. For sale by all Drug gists.

The new session opened favorably Jan. 13. Several new girls have been enrolled and the character of work is very satisfactory.

The college prayer meeting is doing good. We are glad to see so many taking part.

## Soule Art Exhibit.

Concerning the Soule Art Exhibit, soon to be brought to this city, the Providence Journal has this to say: "The value of the art exhibit being held this week in the galleries at the Rhode Island School of Design is evidently appreciated. The original pictures and buildings of the world's most famous masterpieces in art are inaccessible, except to the few who are able to visit the art galleries, museums and public buildings of foreign countries. Opportunity is here given, however, to view the facsimile and exact copies in everything except coloring, of the originals made from the choicest gems in all the galleries in Europe and the United States by the best reproducers of both countries."

The attendance thus far has averaged about 1,500 each day. The school children have been much interested in the exhibit. Several of the boys have brought pencil and papers and made sketches of some of the famous pieces of architecture.

The display will be in the vacant room next door to main entrance of Hotel Latham, February 5th to 8th inclusive, and will be open day and night. No one should fail to see it.
